

Hyeonseong Chang

[Homepage] [GitHub] [LinkedIn] [gustjd9420@gmail.com] [+82-10-5135-9420]

Research Interests

Game AI, Reinforcement Learning, Vision-Language Models

Education

Undergraduate in Artificial Intelligence

Mar. 2023 – Present

Sejong University, Seoul, Republic of Korea

GPA: 3.83/4.5

Research Experience

Data Intelligence & Applications (DIA) Lab

Jul. 2024 – Feb. 2026

Advisor: Junghyun Kim

Publications (Domestic Conference)

Hyeonseong Chang, Junghyun Kim Deep Iterative Regularized Policy Optimization for Offline-to-Online Reinforcement Learning with Imperfect Demonstrations KICS Winter Conference, Pyeongchang, Korea, Feb. 4-6, 2026 (2026)

Hyeonseong Chang, Junghyun Kim MBC: Massive Goal-Conditioned Behavior Cloning Algorithm Based on Offline Reinforcement Learning KICS Fall Conference, Gyeongju, Korea, Nov. 19-21, 2025 (2025)

Hyeonseong Chang, Junghyun Kim Optimizing Communication Secrecy Energy Efficiency via Multi-Agent Cooperation Based on Deep Reinforcement Learning KICS Fall Conference, Gyeongju, Korea, Nov. 19-21, 2025 (2025)

Selected Projects

Reinforcement learning based robotic arm process data regeneration

May – June 2026

Developed a reinforcement learning-based method to regenerate robotic arm manipulation process data.

AI Arena - Web Game Platform

May – June 2026

Training online reinforcement learning agents like PPO and RainbowDQN on Atari 2600 game environment and integrate to web.

Regularized RL with Imperfect Demonstrations

Dec. 2025 – Jan. 2026

To enhance policy learning from imperfect demonstrations by adapting existing methods and redesigning constraint-handling strategies.

Secure UAV-RIS communication

Jul. – Nov. 2025

To maximize secrecy energy efficiency by jointly optimizing UAV trajectory and RIS phase shifts.

Skills

Language: Python, R, C, HTML

Library: PyTorch, JAX/Flax, Isaac-gym

Awards & Honors

Gold Prize – Sejong AI Challenge 2025F

Dec. 2025

Best Undergraduate Paper Award (Encouragement Award) – KICS Fall Conference

Nov. 2025

Gold Prize – Sejong AI Challenge 2025S

Jun. 2025

Industry-University Collaboration Scholarship – Sejong University

Jun. 2024
